Our Story

Pompeii Pizza was born on the road in 2009. We built our first oven from salvaged bricks & dole cheques, towing it from market town to village festival on a learning curve of pizza perfection, minor burns & the benefits of long-johns on a frosty winter morning. During this time, we began Thursday night pizza sessions in Franciscan Well Bar beer garden. Our friendship with the award-winning brew pub grew & we're now resident here seven nights a week.

Our Pizza

We make our dough with the finest Italian Caputo type '00' flour. Our homemade tomato sauce is a secret recipe, with some choice ingredients. Toppings are sourced from quality local producers including On the Wild Side, Toonsbridge Dairy, Gubbeen Smokehouse, The Real Olive Company, McCarthy's of Kanturk & The Boots Italian Specialities.

The magic happens in the wood-fired oven, heated to over 400°C using well-seasoned hardwood. This heat, delivered to the dough through convection, conduction & radiation, seals in the steam & flavours from the yeast, resulting in a light fluffy bread that's easily digestible & delicious.

Pick Your Pizza

Margherita Italiana €13 Tomato Sauce, Olive Oil, Toonsbridge Fior di Latte, Parmesan, Fresh Basil (vegetarian; contains: **wheat, milk**)
